**\$650,000**

2 Year Campaign Goal

We Thank God for Blessing Us Continually

**We Have Already Reached 11% of Our 2 Year Goal**

In the past several weeks, we have been approached by members that have asked for ideas on how they might be able to contribute to the Buildings & Blessings Campaign. Many of these members are being impacted by the overall downturn in the economy, but still have a heart to give and are looking for ways that they might begin to contribute to the Buildings & Blessings Campaign – here are a few ideas.

1. Start by giving 10% of what you would like to give
2. Review what you spend on a monthly basis that you consider non-essentials (e.g. magazine subscriptions, club dues, golf fees, luncheon/dinners out, movies, salon visits) and see what you can consider doing without for a specified period of time
3. Start collecting loose pocket change in a jar and see your pledge grow from daily giving

We invite you to share with us your giving ideas that have been successful and promise to post them on the website so that they might inspire others!
